Intro

In this small instruction manual is written how you can make an account, drills for practice and how to make tests.

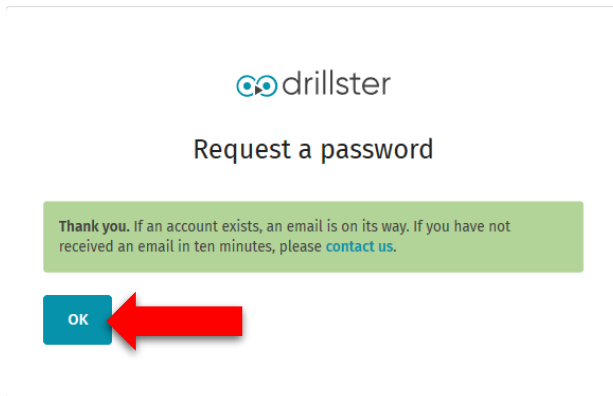

Step 1 making of an account

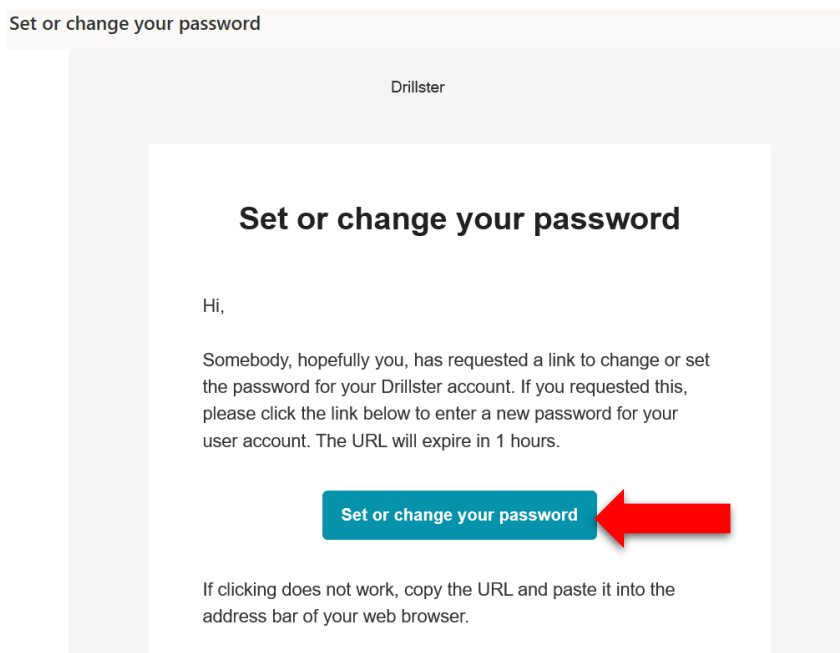

If you haven't received it ask the responsible of the umpires in your club. If you have, press on 'Set your password'.

Fill in your email address and press 'send'.

You will see this screen. Press 'ok' and go to your email account.

You will receive this email. Press on 'Set or change your password' to make a password.

Make a password and press save. There is an indicator what indicates how strong your password is.

Set your password

Your password was changed successfully. Please use your new password the next time you log in.

After you pressed save you get the confirmation that the password is successfully changed. Press 'ok' to continue.

Step 2 making Drills

The screenshot shows the 'HOME' page of the drillster app. On the left is a sidebar menu with options: Home (selected), LEARN, Repertoire, Subscriptions, Learning objectives, Tests (highlighted with a red arrow), DESIGN, My content, and Create new content. The main content area includes a user profile for 'Wouter Bosmans' (Basic, Member since 05-Mar-2020). Below the profile are two summary cards: '6 Drills' (highlighted with a red arrow) and '1 Available tests' (highlighted with a red arrow). Further down are 'Objectives' (with a message: 'No learning objectives have been set for you') and 'Notifications' (highlighted with a red arrow, showing a notification: 'You've been added to group Swiss Hockey'). At the bottom is a 'Last practiced' table.

Description	Type	Last practiced	Result
 Les situations de jeu	Drill	-	0%
 La gestuelle	Drill	-	0%
 Les situations de jeu	Drill	-	0%

After you pressed 'ok' you will go to this screen. On the left you see all the possibilities. My content and create new content is not useful for you. If you want to practice the rules press 'Repertoire'. You see the amount of Drills you can practice and how many tests you can make. If there is anything new or added to your account you will receive a notification.

ANSWER

Making a test works the same as practicing a Drill. The only difference is that you can only do this once. Pay extra attention to the questions and answer right. In the right top corner you see how many questions there are. If you don't know the answer yet press skip. If you manage to succeed you will receive your umpire pass and you are officially an umpire.

Drillster app

Everything explained in this guide was on the computer. But Drillster also has an app for every device. You can download it in the Apple or Play store. Everything that's explained here before is the same for the app. You can download the app on your mobile phone and practice wherever you want to.

Questions

If you have any questions ask the responsible of the umpires in your club. If you don't know who this is ask your trainer. Good luck and enjoy!
